BOARD OF EDUCATION

The Niagara Falls Board of Education, originating in 1892, is the administrative body of our educational system. It has been an outstanding factor in the molding and the maintaining of a dynamic scholastic atmosphere.

The general aim of American education is the fullest possible development of the individual within the framework of our present industrialized democratic society. The Board members' ultimate goal is to properly prepare us, so that we may be able to face and cope with the complexities of life following our school years. They stress the need for the individual to be an educated person, to be an educated member of the family, to be an educated producer or consumer, and to be an educated citizen as a member of the community. The educated American might well measure himself in terms of the objectives of self-realization, human relationship, economic efficiency and civic responsibility.

For their invaluable contributions to our future lives, we the students, sincerely thank these men of the Board of Education for their willingness to serve so unselfishly for the youth of our community.

FACULTY

To the Class of 1966: It is the fervent hope of your teachers and administrators that you have gained the necessary knowledge during the years you have spent at Niagara Falls High School to help you prepare for the future.

You are now well on your way toward acquiring the skills so necessary to compete successfully in this highly competitive world of ours. Your graduation from high school is just the first step toward this goal. May you continue to take advantage of every opportunity available to you to continue your education.

May I extend my congratulations upon your graduation, and my very best wishes for your future success.
Russell F. Grauer, Principal

To the Class of 1966:

As the class of 1966 approaches completion of its high school years, its graduates face a world filled with many opportunities and problems. Each of you will go his or her way—new friends and new interests. Keeping in mind that "he who moves not forward goes backward," each of you will achieve success in his own manner.

Each of you has developed your capacities according to your individual skills and effort. These skills and effort will give you strength and wisdom in meeting the problems of the future. It is my hope that during your stay in Niagara Falls High School you have strengthened such qualities as integrity, good sportsmanship, consideration for the rights of others, self-discipline, responsibility, tolerance, and a sympathetic understanding for the problems of others.

My sincere congratulations and best wishes to you.
Leah Simmons, Vice-Principal

To the Class of 1966: You are to be congratulated upon having successfully completed your courses of studies at Niagara Falls High School. You have all taken a giant step in the right direction, since an education today, more than ever before in our history, is a prerequisite for effective participation in our society.

I hope that in addition to having learned subject matter you have learned many other, equally as important, things—tolerance, sense of duty, an appreciation of the fine arts which are part of our culture, and regard for the other fellow's rights.

Wherever you go—college, military service, or job training, remember the lessons of life you have learned during the past three years. Strive to improve, work toward a goal, and serve your community.

My best wishes for your continued success.

IN MEMORIAM
MARCIA CRITELLI

AUGUST 18, 1948—JULY 27, 1965

ALMA MATER

We love thee dear old High,

With your halls of learning grand;

Your colors we'll hold high,

To the front we'll proudly stand.

Always, always, staunch and true,

Always, always, proud of you,

And your praises loud we'll sing;

We to thee our homage bring.

Nine 'rahs for Niagara Falls,

Nine for the Red and Gray

To duty now she calls,

That success may with us stay.

So we pledge ourselves anew,

N.F.H.S. we'll be true,

And for you we'll climb the height.

Niagara, you're all right.

A. Gow Brownell '14

HISTORY

September 8, 1963 marked the advent of 795 suspicious sophomores to Niagara Falls High School. We confused the upperclassmen with the presence of our large class, since we were the first complete class of sophomores to enter N.F.H.S. after the completion of the new annex. In that year, we were introduced to the I.B.M. machine which produced our program schedules and later our report cards. Automation was not a complete success. Equally unsuccessful, as far as the sophomores were concerned, was the lengthening of the school day by the Board of Education; happily, this innovation was short-lived.

The sophomores then elected their class officers to settle the confusion. They were: Diane Perdikas, President; Deborah Plumer, Vice-President; Roberta Payne, Secretary; and Robert Falsetti, Treasurer. They were guided and assisted by our class advisors, Miss Barbara Yandian and Mr. Vern Abel.

That opening year brought great excitement, some expectations, and some tragedies. The filming of **Route 66** filled everyone with the expectation of seeing our great city on television, although the show never quite made the air due to technical difficulties —so they say! At about the same time, the world renowned "Beatles" made their formal entrance into the music world bringing along with them a whole new creation of fads and fashions.

In November, we were stunned by the tragic death of President John F. Kennedy. It was a great shock and disappointment not only to the students but to the people of the nation.

The first appearance of our classmates in the field of sports proved interesting. The Junior Varsity football team, led by some of our sophomores, achieved first place in the Junior Varsity League. The sophomore year marked the beginning of our wrestling team, and although it did not become league champion, the team became a prominent addition to the sport activities at the school.

The Fall of 1964 brought us back as the jovial juniors of Niagara Falls High School. We soon elected our class officers to guide us in our second year. They were: Anita Bazzani, President; Alan Rennie, Vice-president; Steve Ashby, Treasurer; and Linda Munger, Secretary. Our class officers were helped along by our advisor Miss Clara Bishara.

Our second year also brought many new creations of fads. Boys with extra long hair, girls with pierced ears, James Bond, and skateboards were among the newest crazes. It was a year of "firsts" when the American Field Service was formed and Pheng Phieng, our first foreign student, was graduated. Our photogenic mayor, E. Dent Lackey, made an appearance at our school to present our Varsity Football Team the "Mayor's Trophy" for being intra-city champions.

That year brought the political scene into focus with the election of Lyndon B. Johnson as President of our country, carrying his "New Society" with him. The national election was not the only one being conducted. The student body of N.F.H.S. was carrying on its own election of its Student Council. Elected to govern the student body were: Anthony Serianni, President; Ron Anderson, Vice-President; Debbie Plumer, Treasurer; and Mary Trapasso, Secretary. Guy Forcucci was elected president of the Forensic Society, while Jim Hauser was busy winning the finals of the Society's annual oratorical contest. Mitchel Stumpo was chosen to head the '65-'66 **Chronicle** staff and, in March, many of our talented juniors played in the Drama Club's production of **Arsenic and Old Lace** which was a great success.

In the line of sports, our basketball team reached a new high scoring record of 104 points over North Tonawanda. Coach James O'Shea announced his retirement as head basketball coach at the end of his team's 16—2 season. Our football team was renamed the Power Cats that year by its members. This same year saw the birth of the Niagara Falls Varsity Club which is composed of members of all the varsity letter winners.

As serious seniors, we returned to the hallowed halls of N.F.H.S. in September of 1965. We were looking forward to an exciting year. The Senior Class officers chosen were: Luciano Giampa, President; Kathy Ruff, Vice-president; Diane Perdikas, Secretary; and Richard Brezing, Treasurer. Miss Clara Bishara, Mr. Robert Rosa and Mr. Robert Simpson accepted the task of advising the senior class.

Our senior year marked the arrival of a foreign visitor. Taking a trip across the ocean was our French exchange student, Francoise Sylvestre, who spent her senior year at N.F.H.S.

Honors were accorded our class when Anne Porreca and Joanne Labosky were chosen as National Merit Semi-Finalists. Greg Brinda was the second highest scorer in the Niagara Frontier League; and Tom Buffamonte, Luciano Giampa, and Greg Brinda were picked as members of the city's all-star football team. Also Luciano Giampa was selected for the Exchange Club's award of Outstanding Senior of the Month.

The social activities of the senior class began with a record hop, followed by a Student Council Hootenanny. Both were a great success. The Christmas Assembly on December 21 was excellent. The choir sang the traditional carols, but instead of the usual ensemble in flowing robes, the carols were sung in a cozy setting of a living room. The band and choir also brought some fame and good fortune to N.F.H.S. The band was fortunate to participate in two annual Band Days at the State University at Buffalo and at Cornell University.

The Class Day activities were held May 26, at the Parkway Inn. The dinner and festivities of that day will not be forgotten. The Senior Prom, held on June 24th at the Parkway Inn, was a glamorous and exciting conclusion to the history of the Class of 1966.

Historians: Barbara Wysocki and Joanne Labosky.

STATISTICS

We, the statisticians of the Class of 1966, proudly announce the records set by a most outstanding and intellectual group of students. These intellectuals are the "mosts" ever to stroll through the corridors of Niagara Falls High School. In 1948, as our American soldiers returned from overseas, thankful that World War II was over, 669 war babies were born in this universe who were destined to become members of the largest graduating class of Niagara Falls High School.

We have been under the education of one school or another for a period of thirteen years. As graduation approaches, the tension of the intellectual giants mounts as they prepare to go out and "set the world straight." We leave behind us 77,760,000 seconds spent at Niagara Falls High School. We also leave the 2.5 books carried home by the average senior each night in our permanently closed lockers. We also relinquish much of the responsibility which was becoming too heavy for our poor weak shoulders.

As we make the weekly Saturday afternoon "cruise" down Main Street, we spot the average 5' 9½" and 155 pound senior boy and the 5' 4" and 111 pound senior girl walking hand in hand down the street with Cupid following closely behind. This couple is one of a minority of seniors to wear glasses, and they are eighteen years old. They are talking about their future college plans. Today is their day off, as they happen to be a part of the majority of seniors to have working papers in use. We've now followed them into a music store, where they're playing everyone's favorite song, "Eve of Destruction". They look at the popular type of albums by their favorite group, the "Rolling Stones". They see the average senior's favorite singers' records on display, those of Barbra Streisand and Johnny Mathis. Because of the large crowd in front of the Rapids Theater, they wonder what is playing. Oh, a double feature, our seniors' favorite movies, "Goldfinger", featuring that popular Sean Connery, and "The Ox-Bow Incident", starring the vivacious Sophia Loren, the seniors' favorite actress.

Now our romantic couple see Jim Oleniczak, the best dressed senior boy, and Madlyn Costantino, the most humorous girl, standing on the corner in front of Jenss. At the same time, they observe that most scholastic boy, Dan Ensminger, and that scholastic girl Joanne Labosky ambling down the avenue talking over Einstein's theory. As our ideal couple enter Jenss, they bump into the most handsome senior, Mike Gallina, who is talking to Rose Ciambrone, the most friendly of all seniors, together with Kathy Ruff, the best dressed senior girl. As these popular seniors depart from the store, they begin to exchange the latest gossip of the seniors.

It is decided by some to break up this group by their announcing they are going swimming, the favorite sport of most seniors. The others decide to go home to prepare for the evening's entertainment. As they enter their respective homes, each finds Mom cooking his most delicious food, steak. Instead of helping with the preparation, each one seems to pick up the **Gazette** and to turn to the comics and read "Peanuts", the most popular comic strip for seniors, As dinner is announced, each senior enjoys his favorite indoor sport by being first at the table and last to leave. After their scrumptious dinner, the average senior occupies two hours each night doing his homework, English being his most enjoyable subject and math being his most disliked course.

Since no member of the senior class wishes to be considered rude, he spends one hour and thirty minutes on each of his personal telephone calls. Since all seniors have finished their favorite book, **Gone With The Wind**, the average senior patiently awaits each week his favorite television show, "Man From U.N.C.L.E."

For a "night on the town", most seniors go to the teen's favorite hangout, Pee Wee's. On their way, many frequently see Mr. Richard DeMunda, their favorite male teacher, polishing his "cool" car again, as if it doesn't shine enough. Others, while walking down Pine Avenue, wave to Mrs. Eugenia De Francesco, their favorite female teacher, as she drives by in her green Wildcat. At Pee Wee's, some of the gang is sitting around, while others are doing the "jerk", their favorite dance. Cindy Frisina, the most athletic girl, is often found dancing with Tom Buffamonte, the most humorous senior boy. Greg Brinda, the most athletic boy, and Craig Austin, the senior boy most likely to succeed, are talking over Student Council problems with Tony Serianni and Debbie Plumer, the

most popular senior boy and girl. Nancy Armeli and Michelle Ligamarri, the most talkative girls, are gabbing away to the most affable senior boy, Rich Colosi. Everything goes into a deep silence. Everyone turns toward the door. Look, here comes Denise Cortese, the most attractive girl. No wonder all the males are falling all over their own feet. Even though she's here, Jonathan Sax, the most talkative guy, is still sitting in the corner. Of course, he's talking the ear off Judy Baumgartner, the girl most likely to succeed, and Mary Trapasso, the most courteous senior girl. It's really been a great night, but now it's time to leave. Each senior eventually bids each other goodbye, because he must get his eight hours beauty sleep.

Thus we can see that these interesting statistics confirm, without contradiction, that the references made by the class historians prove that this group of seniors is the "bestest of the mostest"!

Statisticians: Anthony Serianni and Stan Wright.

PROPHESY

In 1968, it was discovered that Stan Wright possessed a supernatural understanding of space travel. He became the head of the aeronautical program at Cape Kennedy. Shortly after, Joe Hlavenka and Luciano Giampa landed on the moon and liked it so much, they decided to stay. After the passage of three decades, Joe and Luciano have been requested to return to the United States for personal tours with their famous rocket powered by Greg Brinda and Ernie Domanico.

They will make their first stop in New York City, where they will witness a tremendous musical production under the direction of Craig Austin featuring Nick "Barrymore" DeFazio and the vivacious Claudia Raham. Lydia Colosi, the loquacious publicity agent, is the permanent audience. The musical score has been composed by the multi-talented Bob Jones, and the distinctive costumes designed by **Vogue's** editor, the renowned Ilene Wake. The skillfully painted scenery is the creation of John Campbell and Janis Golanka. The choreography has been under the supervision of Cindy Ramos.

From New York City, the duo will travel to Albany to visit the state leaders headed by New York State's first woman governor, Susan Shapiro. The Democratic controlled Assembly has as its leader, Guy Forcucci; the Republican Senate Majority Leader is Ernest Curto. Just prior to the arrival of the distinguished guests, a terrible tragedy occurred. The reticent Patrick Snyder collapsed of suffocation during his last filibuster. The garrulous Jonathan Sax eventually revived Patrick by mouth to mouth resuscitation.

From Albany, the astronauts will journey to Niagara Falls by chartered plane with the Bazzani sisters as pilot and co-pilot. They will be greeted by Chief of Police Gary Sankes and a fire department squad headed by Jay Buffan. They will be introduced to the world renowned Nobel Prize winner, Mitchel Stumpo. Incidentally, a greater honor was conferred upon Mitchel when he was given honorary membership in the N.F.H.S. Honor Society. The duo will also visit the high school where they will find Denise Cortese, Bernie Sobczyk and Sharlane Bennett teaching classes filled with boys. This fact illustrates that the I.B.M. machines can "be fixed."

Washington will be the next stop on the itinerary. Here Joe and Luciano will be introduced to President Anthony Serianni and his cabinet. His Secretary of State is Kathy Ruff; his Secretary of the Treasury is Jim Hauser; his Secretary of Defense is Ian Schofield. Debbie Plumer is Secretary of the Interior and Lynn Shafer is Secretary of Commerce. President Serianni has just appointed John Miller to head the poverty program. Rich Brezing, because of previous experience, has become Director of the Budget. He will "meet the press" which is directed by Judy Baumgartner, Tom Killian and Greg Mitchell.

The duo will next be greeted in sunny California by Bill Lang, a prosperous executive. They will be treated to a presentation of the Three Stooges (Ed Salacuse, Dan Sofia, and Frank Vaccarella) which is under the supervision of Mike Gold. Candy Proudfoot will entertain them by singing folk music. Steve Ashby will allow them to see his television program, "The Fugitive." This week Steve is running from Tom Carella, who, in turn, is escaping from Mr. D'Angelo. An elite banquet will be held in honor of Luciano and Joe. Master of Ceremonies for this important event will be Noel Touchette. Father John Bobbera and Sister Donna Destino will give the invocation and benediction respectively. The speakers will be Stan Pietras on "Listening to One's Own Voice" and John Schultz on "Bob Dylan."

After the dinner, they will enjoy a wrestling match whose contestants are, in the heavyweight class, 300 pound Mark Lazeration against 310 pound Jan Igras. The middleweight competition is between he-man Marv Shimmel and anyone crazy enough to challenge him. In the lightweight classification is the amazing Greg St. Onge taking on the determined Bob Laster, the agile Larry Ponzi and the rough and ready Jerry Biamonte, all at the same time. Simultaneously, Tom Gwozdek and John Cox will compete in the latest sport's fad, a sleeping contest. Giant Ron Lonberger and speedy Paul Parise will have a drag race down the aisles to attempt to wake them up.

From California, they will fly to Hawaii to be met by millionaire hotel owner, the handsome Pete Woolverton. Pete's associate, Kim Reeves, owns a biological plant filled with turtles which he feeds his own concoctions. Employed by Pete's hotel is the friendly Tom Heck, who led the United States to victory in the tennis matches for the Davis Cup. Mike Slipko is the golf instructor at the hotel. He will show the duo the finesse in hitting a two iron. Mike, incidentally, won the U.S. Open. The head lifeguard is Mark Morath, who recently swam the English Channel the wrong way.

The astronauts will now head for Africa. They intend to see the dedicated missionary, Mark Wineburgh, who is teaching the Swalks how to take College Boards. They will also see the two legendary men of N.F.H.S.'s basketball team, Bob Torre and Dave Walos. An Indian tribe will do an ancient dance for the visitors. The dancers include Tom Buffamonte, Larry Toni, Joe Mauldin and Albert Rinaldo. Finally, the picturesque scenery of the glens will be shown by guide Kathy Holt.

Donna McDougald, the head of the Smithsonian Institute, had great hopes that Joe and Luciano would decide to remain on earth and donate their capsule to the Institution. It looks as if she is going to be very disappointed. They are now ascending into their rocket. They think that the United States is dull and unchallenging. Americans are too concerned with trivial matters as college boards, proms, and colleges. On the moon, they feel more at home, more independent and industrious. A cloud of fire is soaring into oblivion as the final glimpse of the rocket is seen

Maybe, in another decade, some lucky Americans will go on a luxurious tour to the moon.

Prophets: Susan Shapiro and James Hauser.

STUDENT COUNCIL

One of the most important organizations at Niagara Falls High School is the Student Council. It is through this vital body that the students can express their ideas and voice their opinions for the betterment of the school.

The Student Council holds its successful annual United Giver's Fund drive in October. Throughout the course of the 1965-1966 school year, the Council sponsored dances, a Hootenanny in November, and various activities for the enjoyment of the student body. Pep rallies were held at various times in the year for our football and basketball teams.

This year's Student Council advisors were Mr. Robert Beaton and Mrs. Eugenia Di Francesco.

Anthony Serianni, President; Debbie Plumer, Secretary; and Mary Trapasso, Treasurer; spent many hours working toward the successful accomplishment of all Student Council activities.

NIAGARIAN

The **Niagarian** for 1966 is an attempt at excellence. Its editor, Judith Baumgartner, and its assistant editor, Lydia Colosi, have spent countless hours preparing a complete representation of all the memorable events of 1965-66.

Miss Ann McCabe and Mr. Robert Simpson advised the staff in the production of the **Niagarian,** while Miss Marie Finley conquered the enormous task of balancing the budget. Kathleen Hoag and our other typists prepared the myriads of copy.

We hope that this, your yearbook, will provide many years of enjoyment and fond memories.

The Niagara Falls High School Chapter of the National Honor Society, under the supervision of Miss Elizabeth Mitchell and Mr. Glenn Smith, provides one of the school's most outstanding organizations.

Students are inducted into the Honor Society on the basis of scholarship, service, leadership, and character and must maintain an 88 average throughout the year.

Two of its main projects are the monitoring of the corridors during the day and the upkeep of a paperback bookstore. The society also sponsors a project to raise money to present one or two of its members with scholarships.

This year the Honor Society officers were Craig Austin, President; Dominick DeFazio, Vice-president; Susan Shapiro, Secretary; and Robert Ewalt, Treasurer.

Under the direction of such capable advisors and officers, the Honor Society is truly an asset to our school.

The debating club of Niagara Falls High School, the John Marshall Club, has been functioning for the past ten years. Each member must be able to express himself in debate on many topics pertaining to citizenship education or current events.

One of the club's annual events was its participation in the model United Nations. Each group selects the nation it would like to represent and familiarizes itself with the nation's problems and cultures. The discussion which follows is a duplication of the nation's procedure for coping with the United Nations.

Advisor to the group was Mr. Rollin Wiseman of our Social Studies Department. THE FORENSIC SOCIETY

Good fellowship, and practice in public speaking and debating—the purpose of one of the school's oldest and most selective organization—the Forensic Society. At formal dinner meetings held on alternating Tuesday nights at the members' homes, the participating students are exposed to a variety of programs. The design of the year's agenda includes presentations by prominent community members, prepared group discussions and debates, impromptu discussions and individual speeches, and the annual inter-club oratorical competition. After weeks of elimination, the student who is judged the winner by three qualified professional men of the community has his name engraved on the school plaque.

Other functions of the Forensic Society include one service project for the community, one money-raising project, one social activity, and the annual Fathers' and Sons' Banquet.

This year, the Forensic Society was under the capable supervision of Mr. John Hagerty and leadership of President, Guy Forcucci; Vice-President, Ernest Curto; Secretary, Craig Austin; and Treasurer, Nick DeFazio. This offers much reading enjoyment to the student body as well as an encouragement for other students to submit their work for the coming year's publication.

The editors for this year were Thomas Killian and Kirk Robinson.

The club hopes to prepare girls and help them gain an idea for a rewarding future career.

AMERICAN FIELD SERVICE

The American Field Service, under the direction of Miss Mary Ingrasci, promotes friendship and understanding among the students of N.F.H.S. This organization has sponsored our first exchange student, Mademoiselle Françoise Sylvestre of Le Mans, France.

The group held a pizza sale and candy sale in the Fall to raise money for Françoise's expenses in Niagara Falls. Funds were raised in each homeroom from the student body. Officers for the year were: Madlyn Costantino, President; Lynn Shaffer, Vice-President; and Joan Pino, Secretary.

SERVICE ORGANIZATIONS

Essential to the success of any scholastic program are the time and effort contributed by the student body. Many students at Niagara Falls High School freely donated their time to its various service organizations for the efficient functioning of the entire school.

The distribution and collection of attendance sheets was carried on by girls who volunteered their study halls. As well as assisting with attendance records, the girls also helped with other office tasks. Miss Adeline Dominanni and Mrs. Hua-Nien Yin supervised the organization of this group.

The library, fundamental to many student activities, functioned efficiently during the school year. Under the supervision of Miss Marjorie Blackmar, the effort put forth by the capable staff helped to make the library a credit to our school.

Advised by Miss Virginia Donahue, the school store was a valuable asset to the student body. Essential school supplies were purchased daily before school and during the lunch periods.

Under the guidance of Mrs. Clarissa Hyser, the clinic staff helped to meet the needs of the student body during the school day. The workers assisted in compiling records, filing cards, and treating minor illnesses.

One of the busiest places at Niagara Falls High School was the guidance office. Miss Gretchen Erwin, Mrs. Edith Seatter, Mr. John Janowski, Mr. George Wood, and Mr. Herbert Swift advised students on their individual problems and future plans.

Assisted by a capable staff of students, the guidance department performed many services for the entire student body.

Preparing televisions and projectors for class utilization and film and sound equipment for assemblies was the task of the audio-visual group. The lighting, scenery arrangements, and special effects of stage productions are often as important as the performers. These behind-the-scene activities were carried on by the stage crew. Both the audio-visual and stage crew were under the direction of Mr. Robert Magee.

The Radiological Detection group, organized by Mr. Kenneth Rideout, assisted the entire school in practicing safety to prevent casualties in the event of an enemy attack. The members of the group were trained to act as stretcher bearers and couriers.

Throughout the year, the Usherettes was an essential part of all school functions. The girls, under the direction of Miss Mary Ingrasci, ushered at such events as Parent's Night, Class Day, and Commencement exercises.

Information pertinent to the student body was easily found in the bulletin board outside the main office. Miss May Lanigan supervised the posting of various announcements.

The showcases in the front hall contained many beautiful and clever displays throughout the year. These exhibits were capably co-ordinated under the supervision of Miss Marjorie Helstrom.

An opportunity for emotional expression and creativity was offered to the student body by participation in the orchestra. The Niagara Frontier Sportsmanship Council first came into existence in 1936. Meeting twice a year, in the Fall and Spring, the Council discusses problems, offers solutions, and generally works together to promote better sportsmanship. All inter-scholastic sports activities are judged by the Council. The coaches, players, spectators, and cheerleaders are evaluated on attitude, participation, and conduct. The school with the highest number of accumulated points at the end of the year wins the Sportsmanship Cup.

Miss Mary McDougall was the Sportsmanship Council's advisor and Sandra Weigel was the group's president for 1965-1966.

Kindness, consideration, and ambition are just a few of the many qualities which these girls possess. Our cheerleaders play a vital role in encouraging school spirit, cooperation, and sportsmanship.

Captain Cindy Frisina, accepted her responsibility with the attitude that the cheerleaders would not just be good, but would be the best. The goal which she set was, indeed, high. Nevertheless, at every game all could see that these girls did achieve it.

TENNIS TEAM

With the superior coaching of Ed Philips our Niagara Falls High School tennis team had a successful season. They concluded the year with 8 wins and 5 losses, placing third in the league of ten teams. Some outstanding players were Jim Hauser, Richard Brezing, and Tom Heck.

GIRLS' SPORTS

This year a Gym Club which met 7th period, Wednesday and Thursday was organized under the supervision of Mrs. M. Meckes. Barbara Lozina, president; Beverly Spencer, vice-president; Pat Nichele, secretary; and Michele Fetcho, was treasurer. The goal of these girls was to develop flexibility, balance, strength, control and agility for both self-satisfaction and demonstration. A new show of poise, self-control, confidence and endurance was gained from the tumbling exercises, trampoline, mini-tramp, parallel bars, modern jazz and Danish Gymnastics to mention a few.

The advanced swim class, open to girls who completed their Red Cross Swimmers Test met Tuesday and Thursday 7th period under the instruction of Mrs. J. Mills. To be eligible for a Senior Life Saving Certificate a minimum of 17 hours of instruction (including a final written examination) is required. Lifesaving training includes forms of self rescue, knowledge for the rescue of the potential victim, and resuscitation. Carrying the victim and defense methods against this training. Final grades were based on satisfactory completion of class work, attendance, attentiveness and informal tests.

Swim leaders and gym leaders, girls that voluntarily give up their study halls to aid Miss Mary McDougald, Mrs. Mildred Meckes, and Mrs. Jean Mills, were another facet of girls participation. These girls earned 50 points apiece per semester. These points plus points acquired from other participation in sports can make them eligible for a Niagara Falls High School letter. An accumulation of 350 points earns a 4" letter, 450 points a five inch letter, 550 points earns the largest, a six inch letter.

Girls sports also included volleyball and basketball intramurals; and a bowling league under the supervision of Miss Mary McDougald, which led to another opportunity to acquire points.
